

BUILDING YOUR VISION

Architectural Precast | GFRC | Architectural Cast Stone

Earn Two AIA/CES LU's with Lunch Included!

The Architectural Precast Association offers Architects the opportunity to earn two Continuing Education Credits through the American Institute of Architects. Both courses may be taken together to earn 2 LU's or individually to earn 1 LU.

BUILDING YOUR VISION a presentation

1 AIA/CES LU

Description

A one hour PowerPoint Presentation designed to educate the Architect on the variety, application and design versatility of architectural precast concrete. Includes lunch provided by your presenter.

Learning Objectives

1. Types of Architectural Precast Concrete
2. Why Architectural Precast Concrete?
3. Composition and Finishes
4. Early Consultation Points
5. Project Schedule

BUILDING YOUR VISION a plant tour

1 AIA/CES LU

Description

A one hour certified-plant tour that fosters an interactive learning experience as the Architect observes the manufacturing processes of architectural precast concrete.

Learning Objectives

1. Method in which Architectural Precast is constructed
2. Design considerations for connection details
3. Application of color and texture to precast concrete
4. Design limitations of architectural concrete
5. Ways in which green aspects can be enhanced
